Blueprints

templates & ARM templates

RBAC ↓ policy's

Basis subscriptions

Resource Providers

automatisch

subscriptie ⇐ Resource providers

↙ &

per resource type ↓ eenmalig registreren

zet endpoints aan

Tools

Portal

Cloud Shell → bash
→ Powershell

Powershell

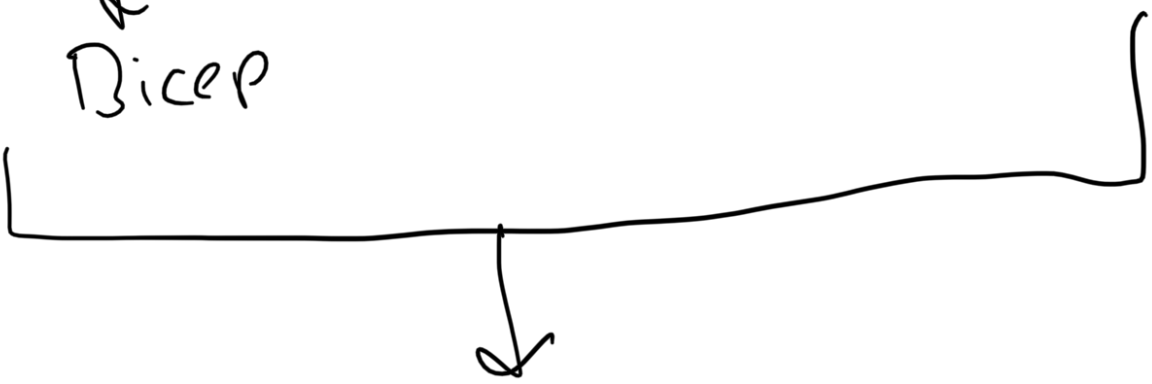
Azure CLI → Bash

Azure SDK → Visual Studio
→ VS Code

Mobiele App

ARM Templates → JSON
→ Beschrijvend

↓
Bicep



Azure Resource Manager

Rest Endpoint → API

RBAC

Control plane → management resources

data plane → data

gescheiden rollen

- storage Reader
- storage blob data Reader

User Access administrator → rechten

Owner → bewerk alle resources

Contributor → bewerk alle resources

Reader → lezen alle resources

Cloud Adoption Framework
