

40 - 60 vragen

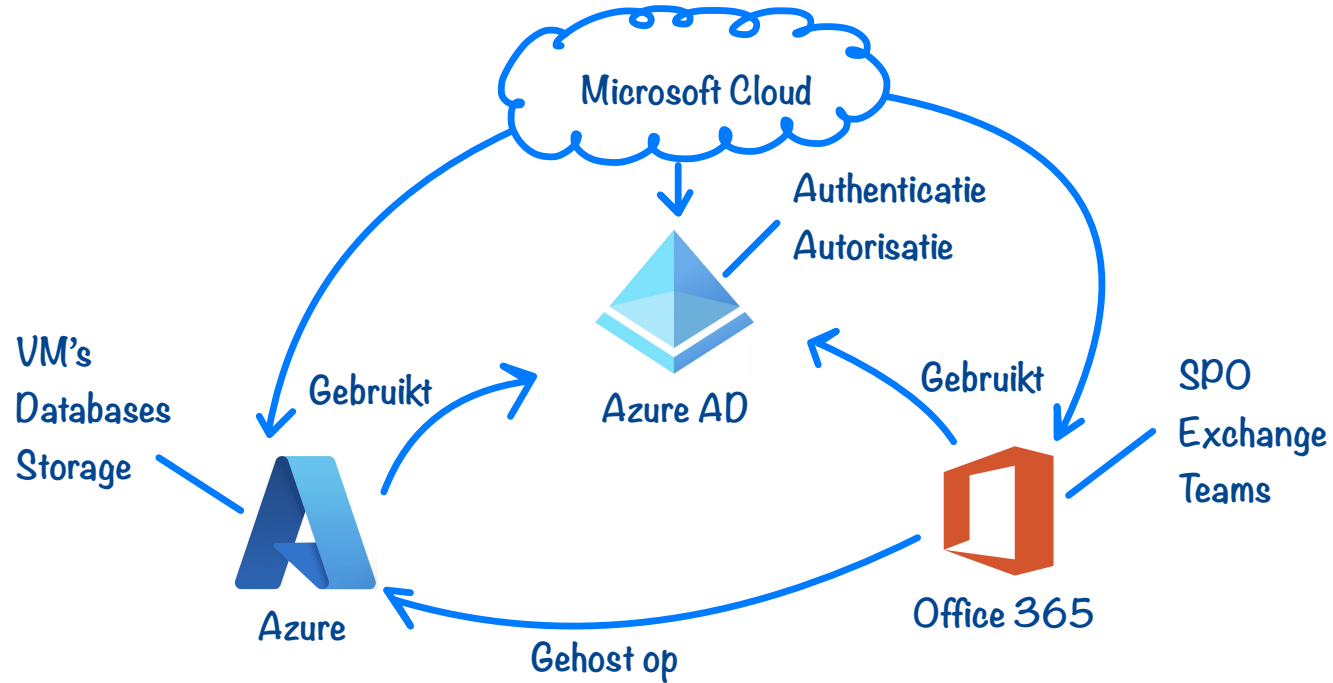

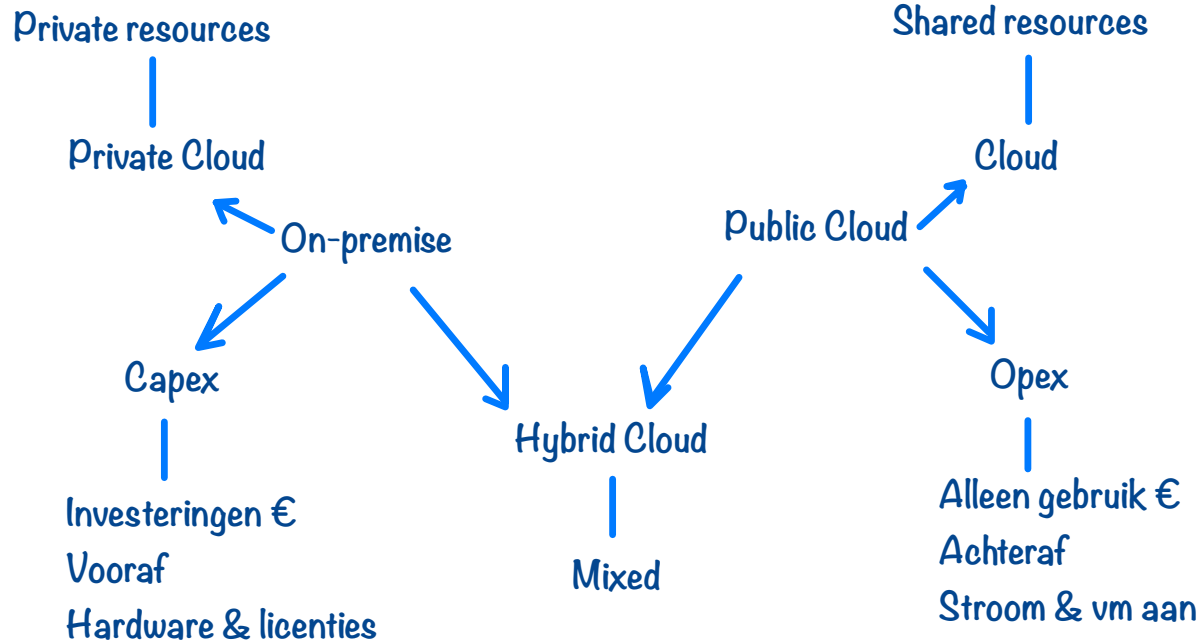

700 of hoger

85 minuten

- Cloud concepts
- Azure core services
- Azure Core solutions and management tools
- General en network security
- Identity, governance, privacy en compliance
- Cost management en SLA

Scalability — Up en down schalen

Elasticity — Schalen on-demand

Agility — Snel deployen

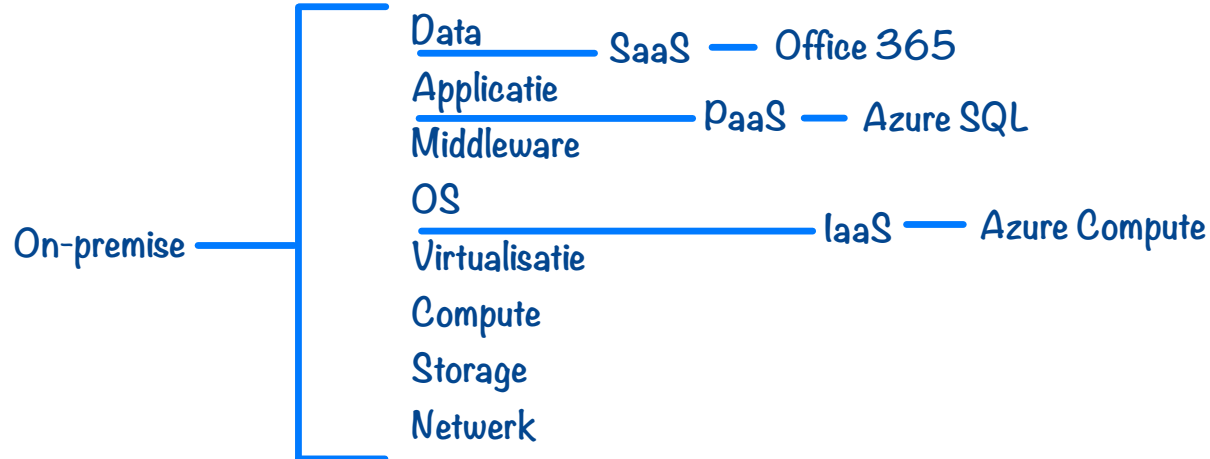

DR/redundancy — Hosting * dc's

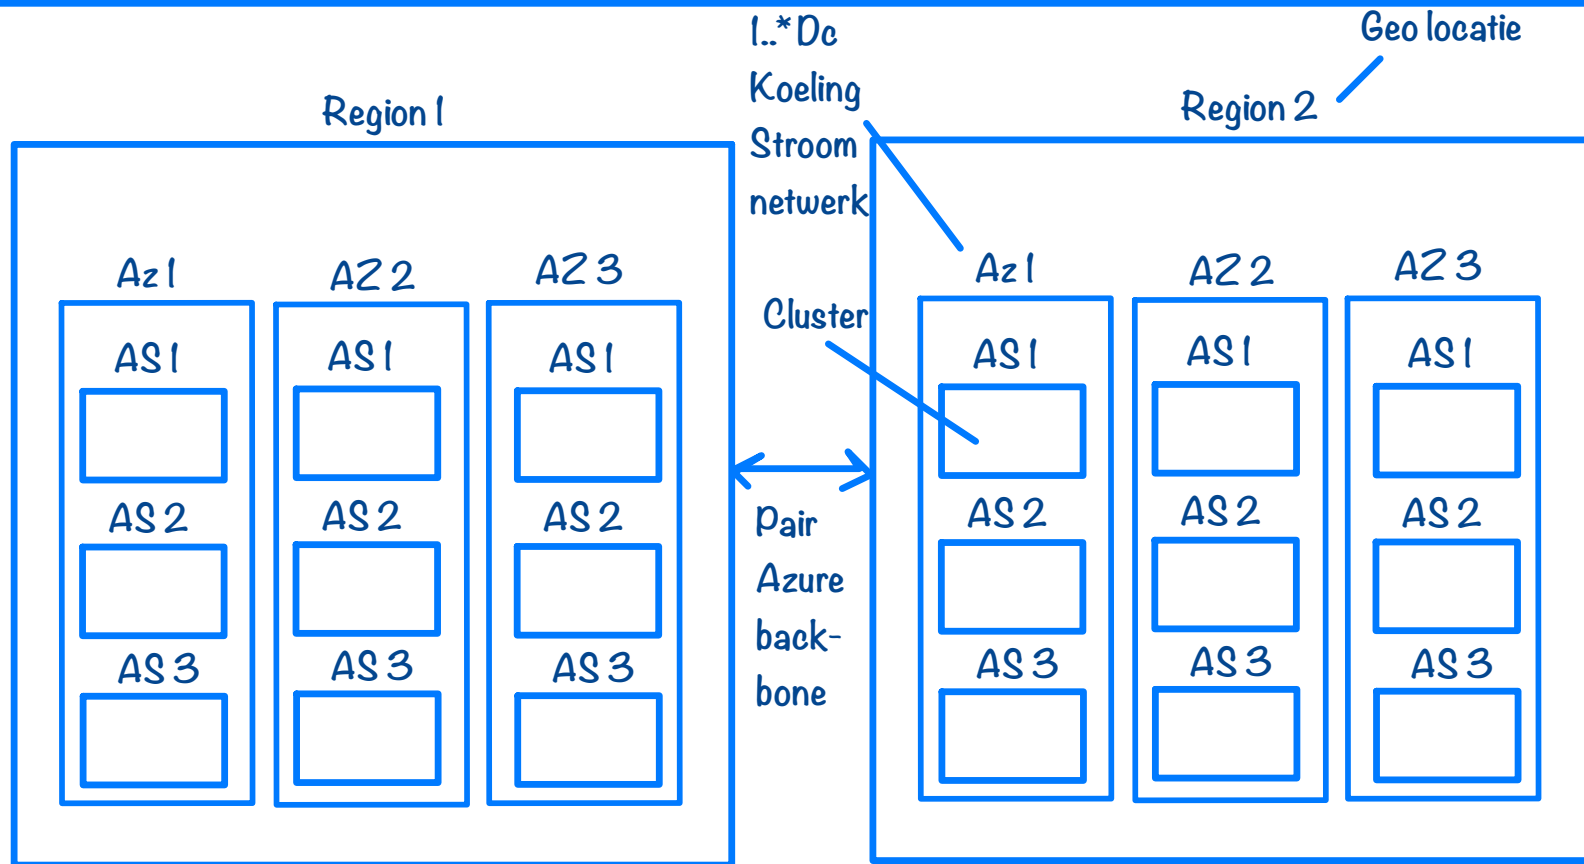

Global reach — Wereldwijde dc's

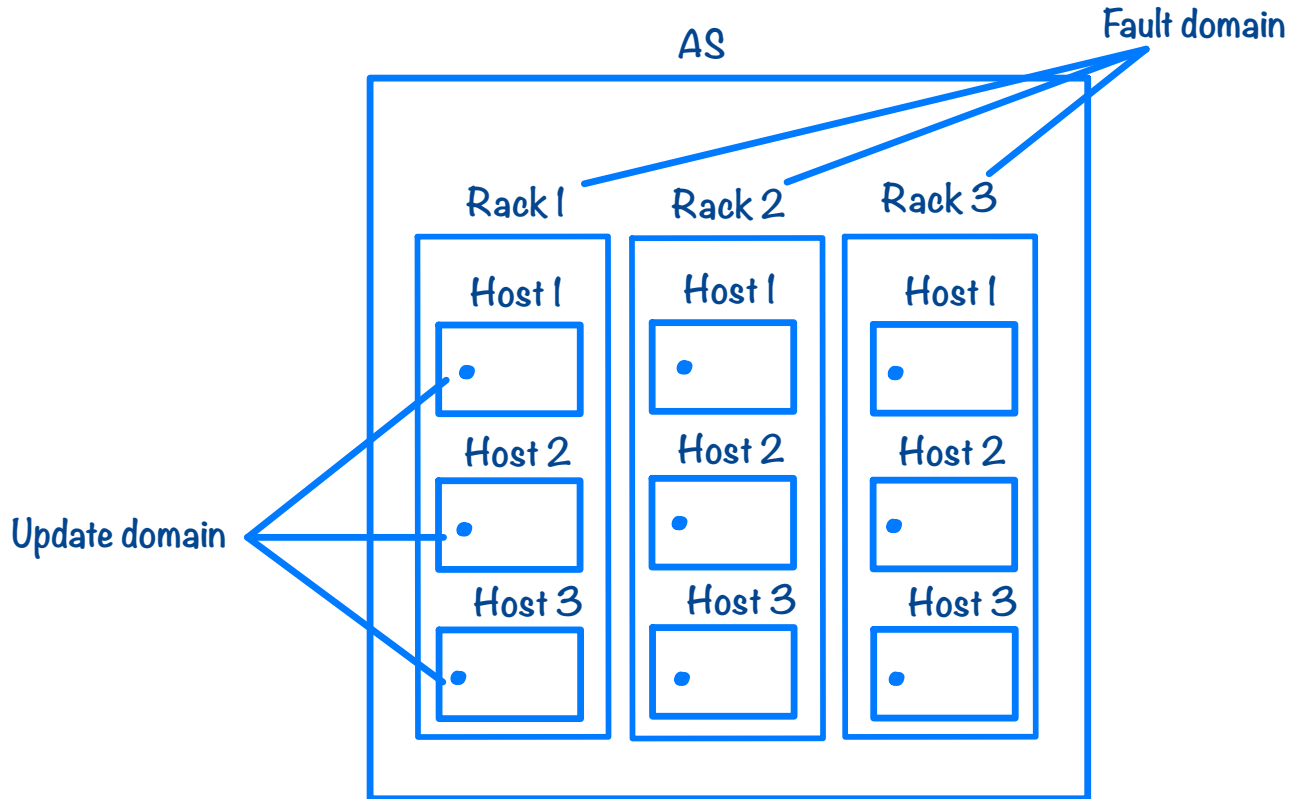

Pay-as-you-go — Alleen gebruik €

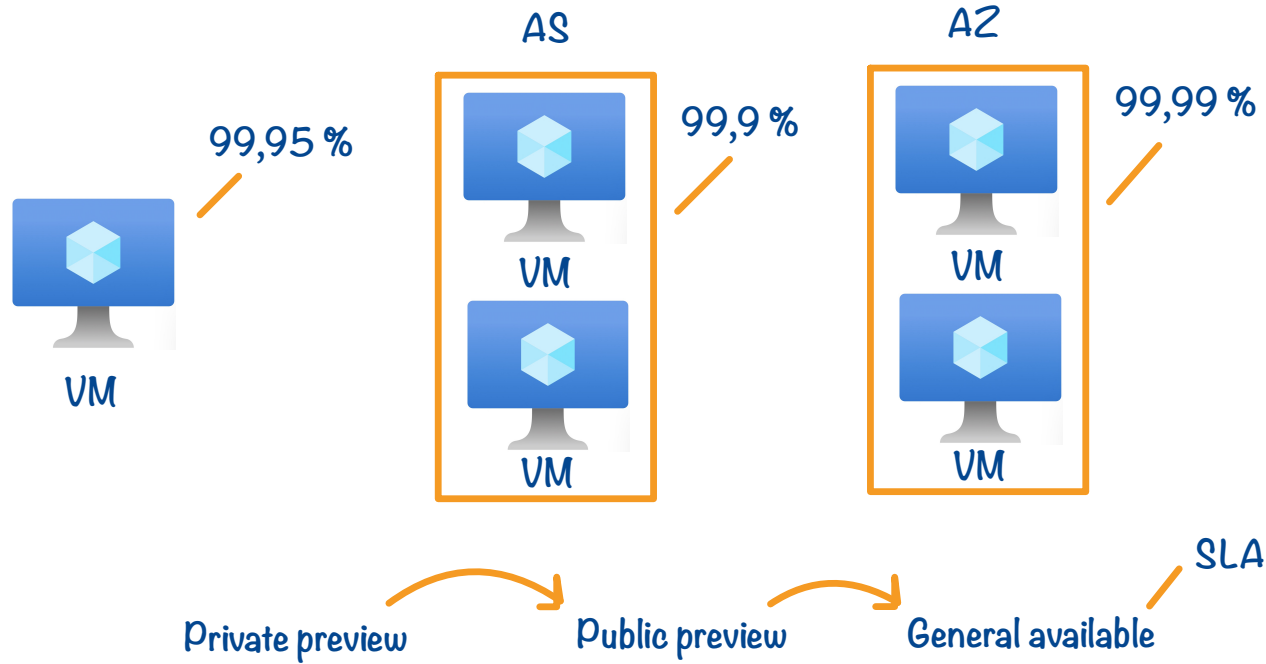

Resources remote afgenomen

Cloud computing

Region 2

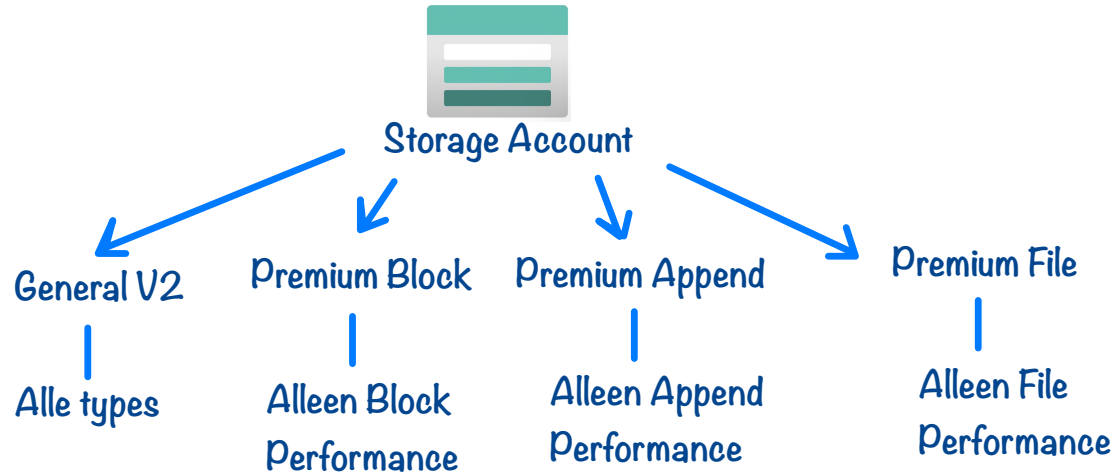

AZ1

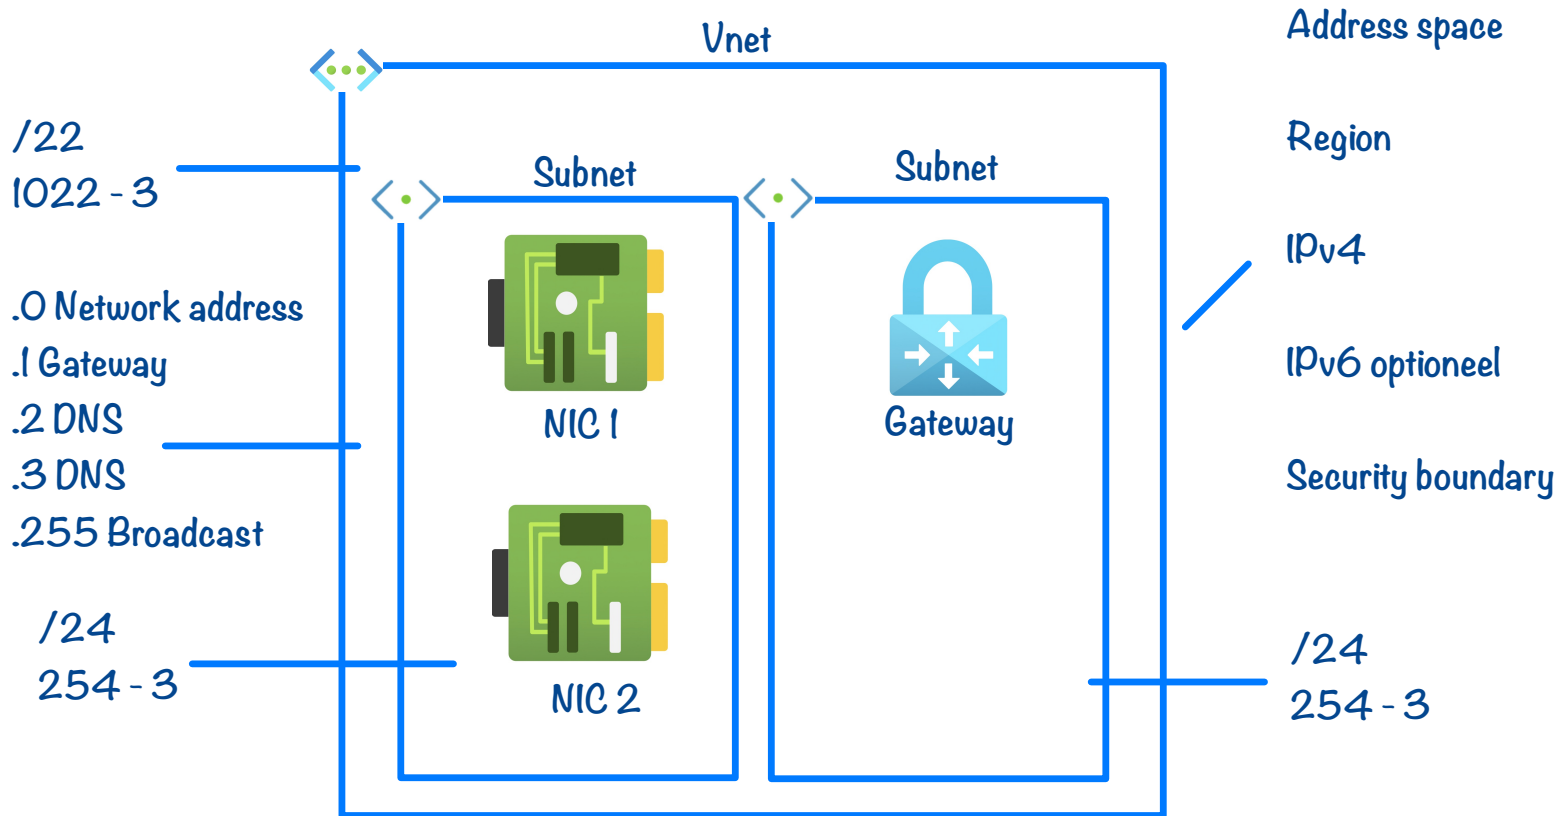

AZ2

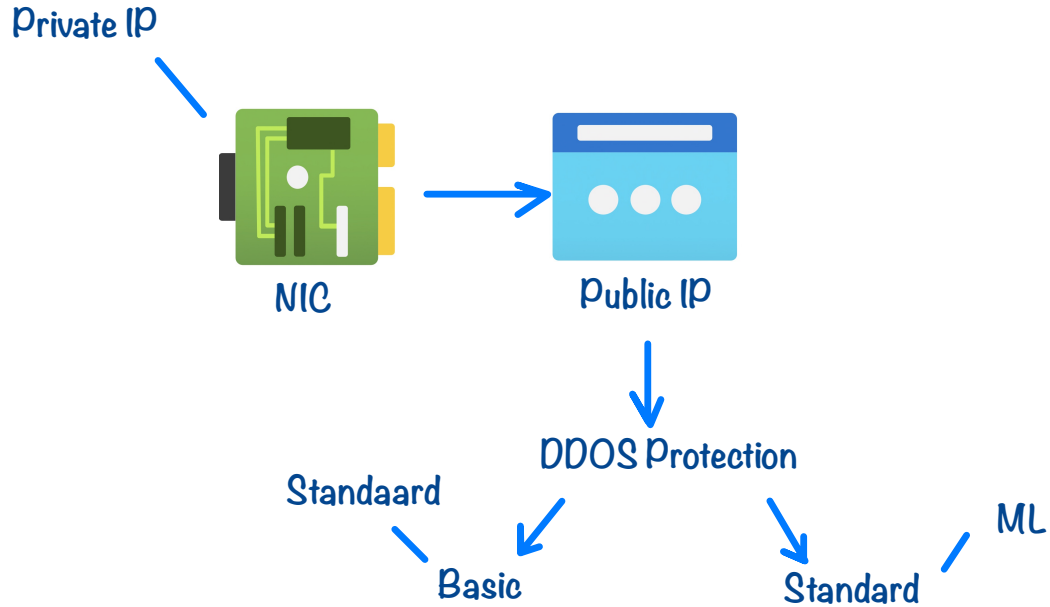

AZ3

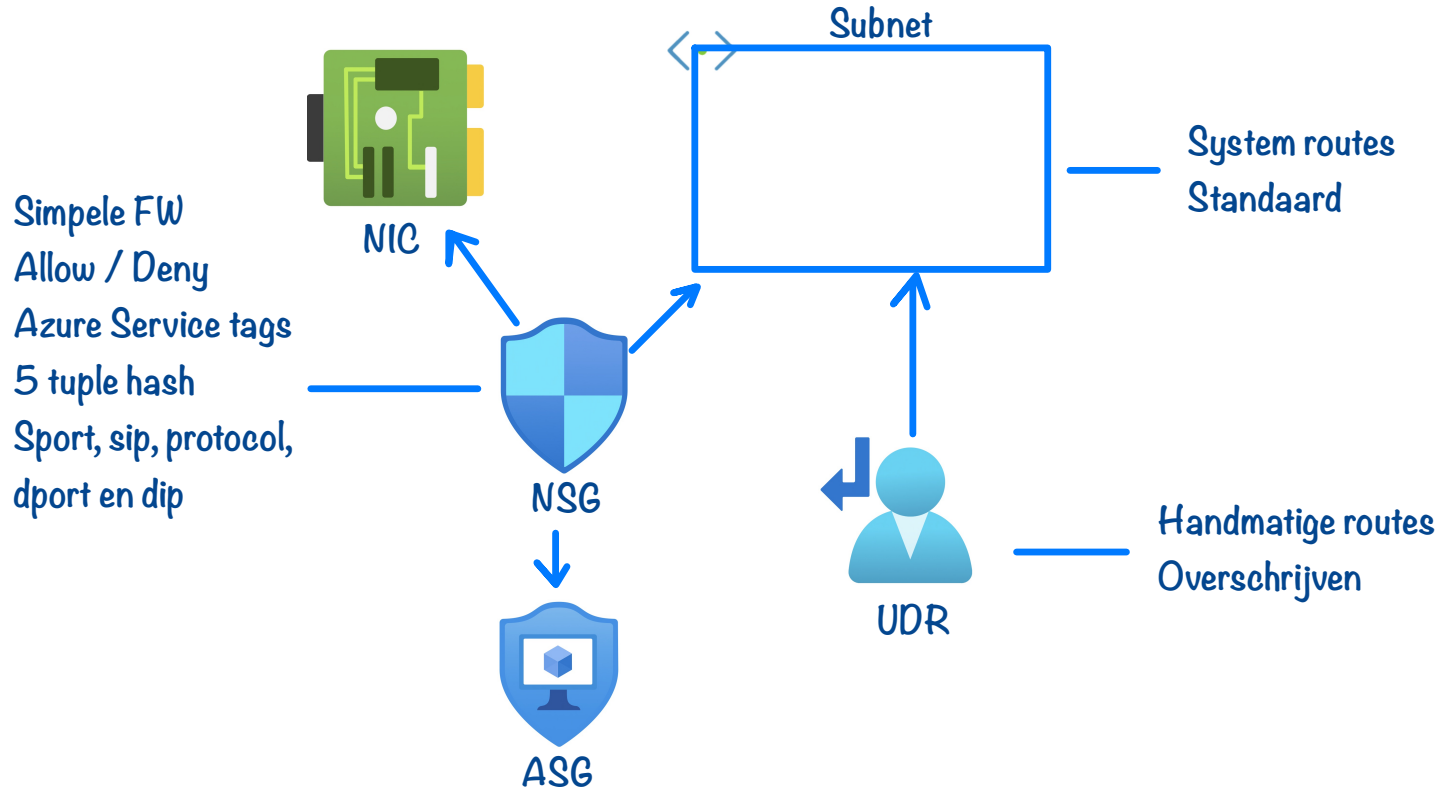

A double-headed horizontal arrow indicating synchronization between Region 1 and Region 2.
Sync

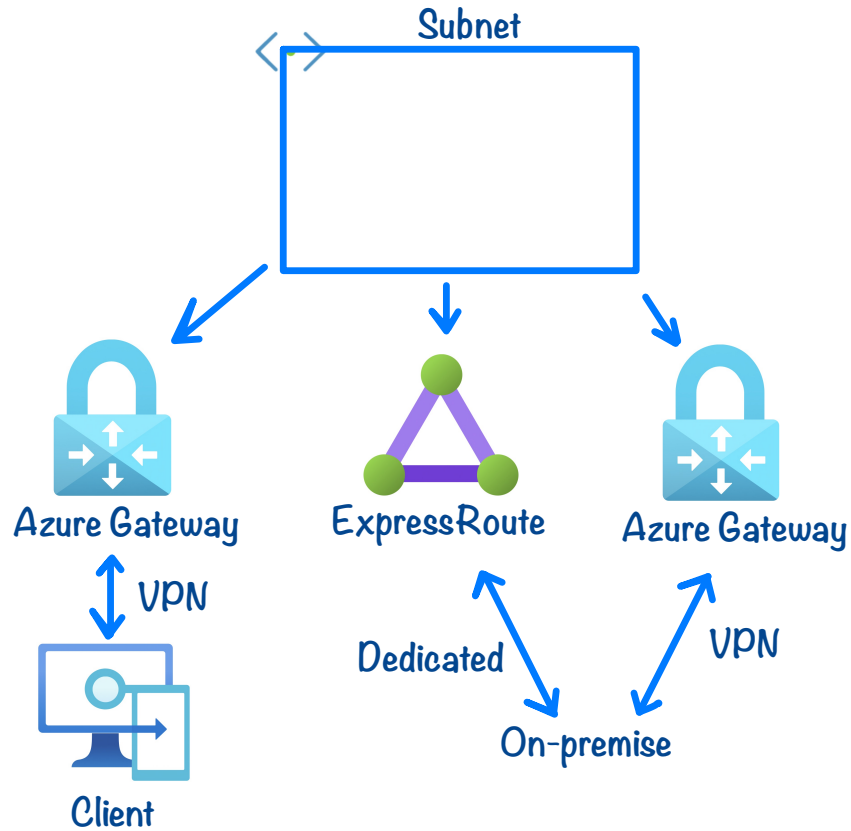

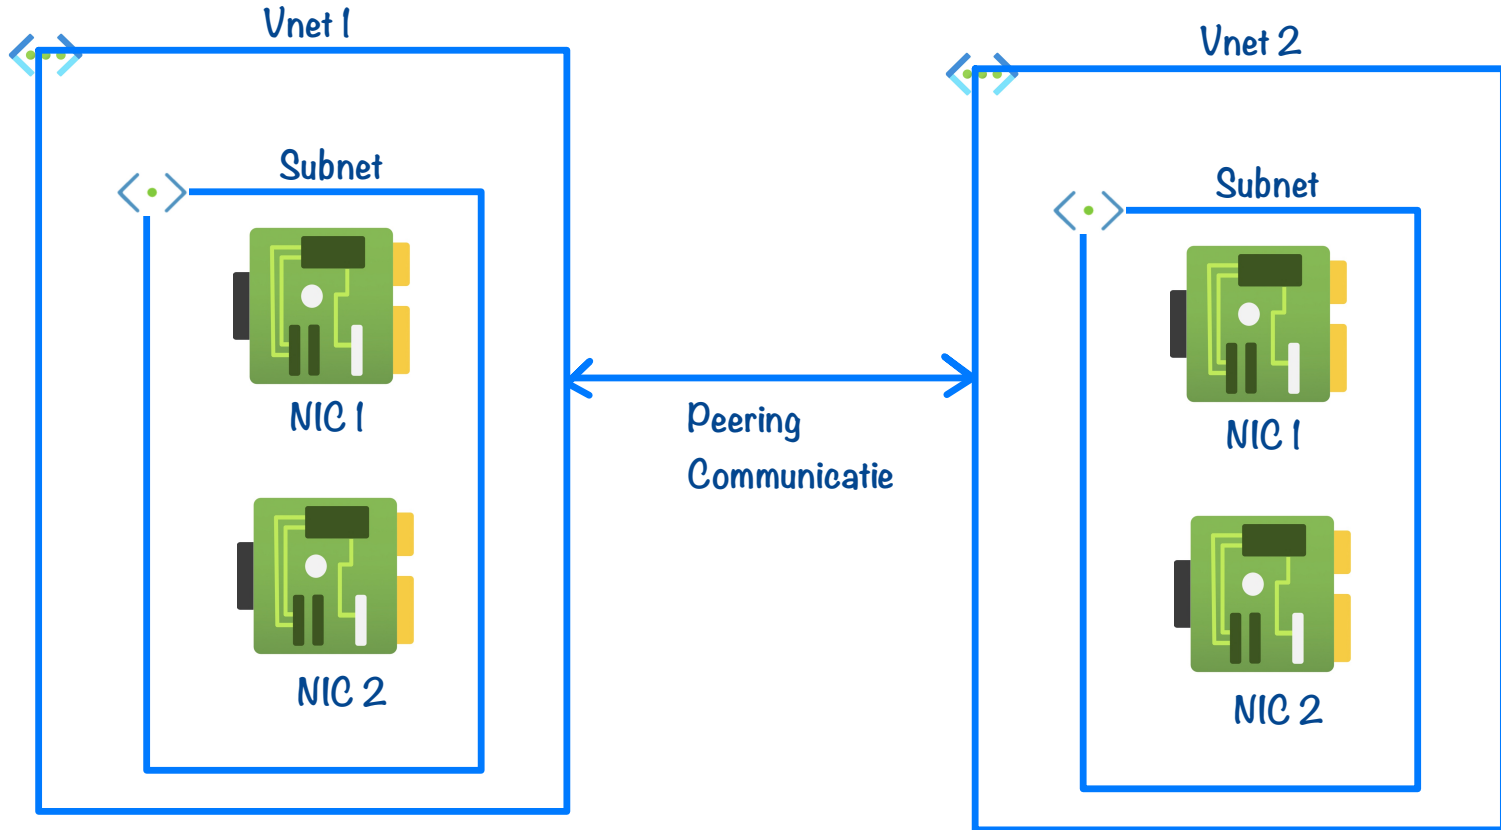

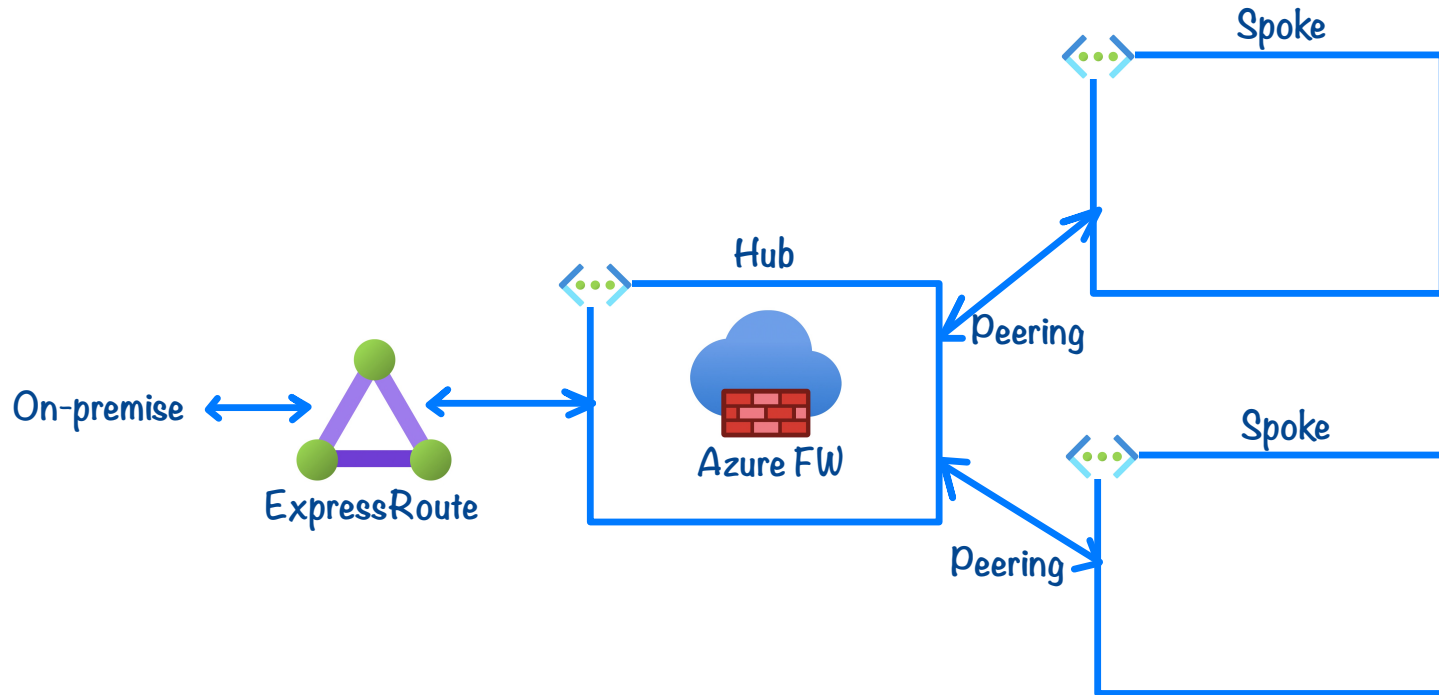

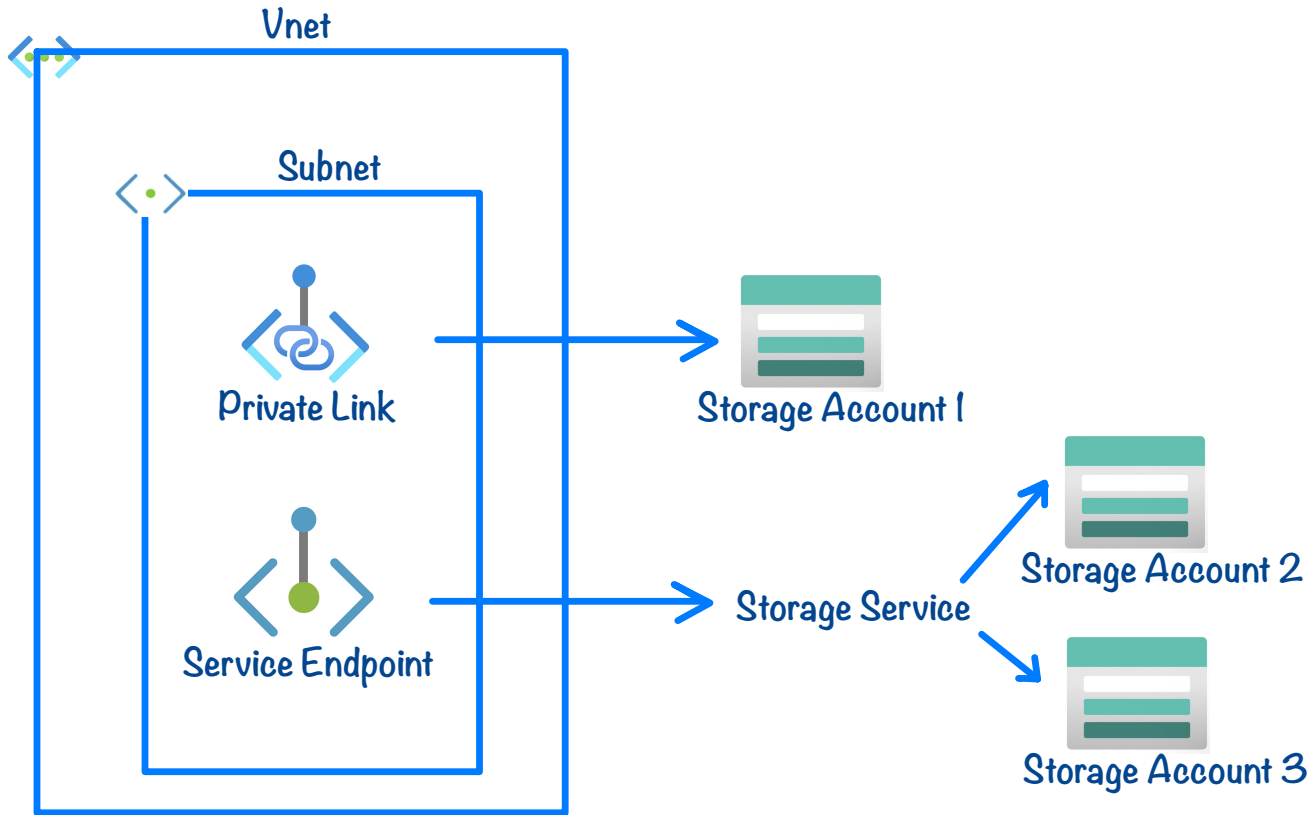

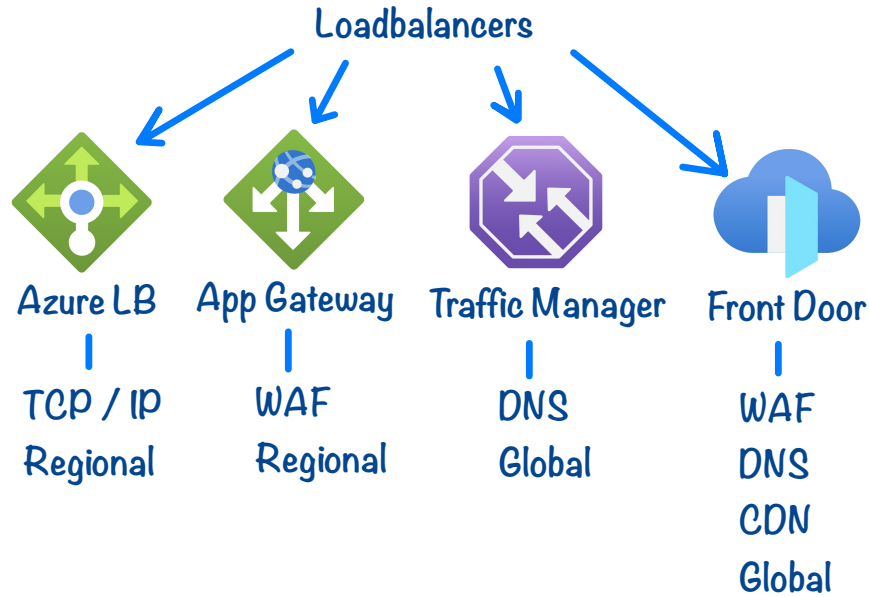

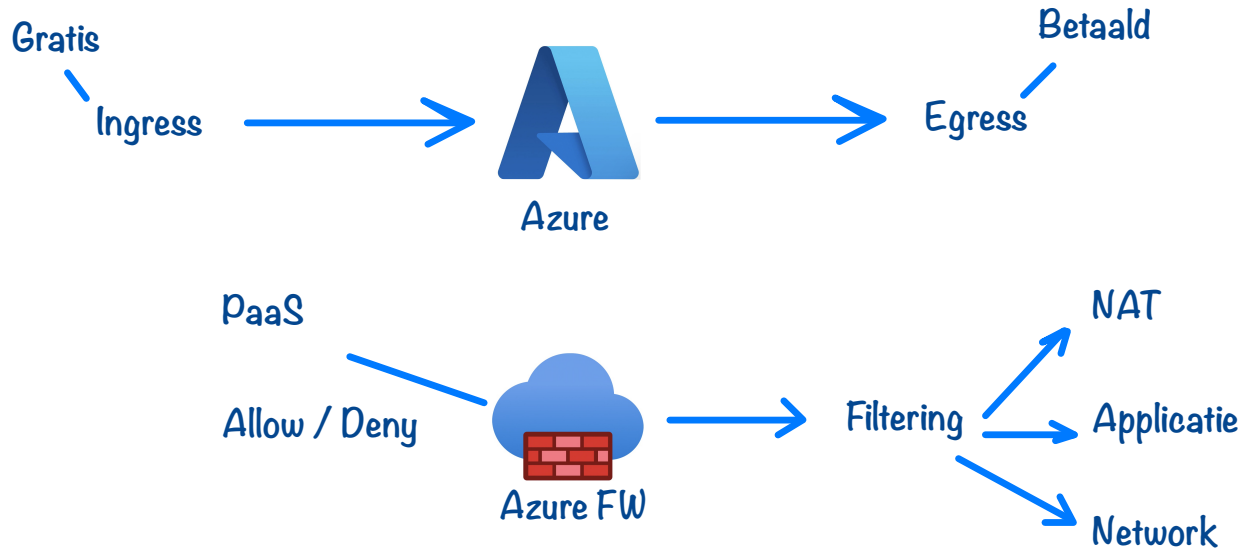

Physical security — Dc toegang

Identity en Access — Azure AD authenticatie

Perimeter — DDOS beveiliging

Network — Segmentatie

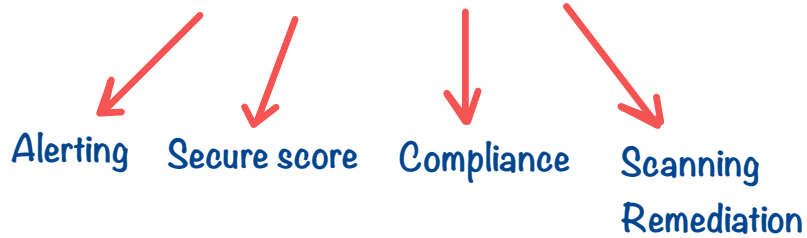

Compute — OS hardening

Application — SSL / TLS

Data — Encryptie

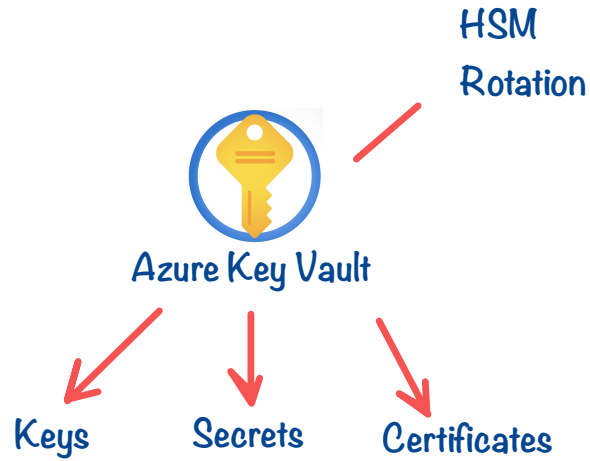

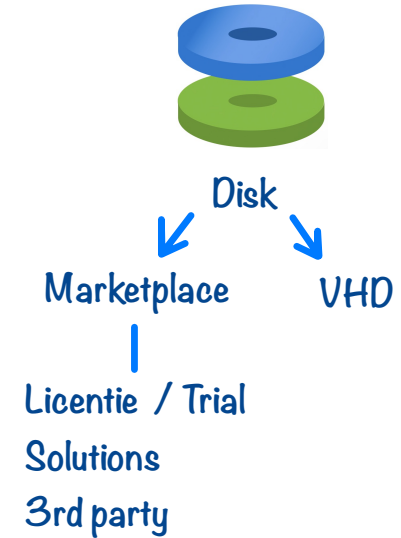

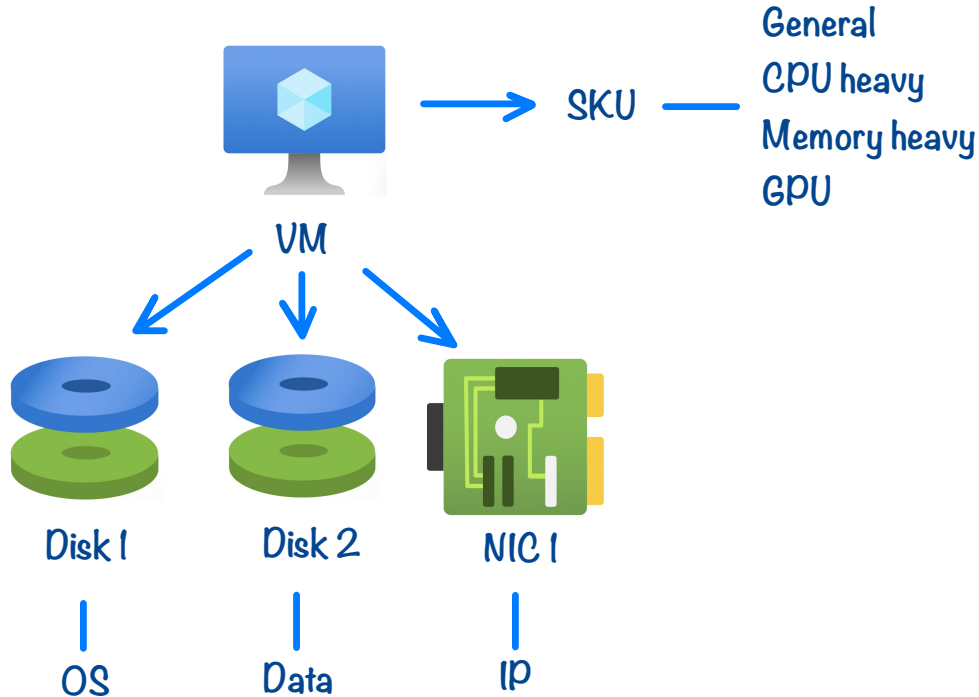

MS Defender for Cloud

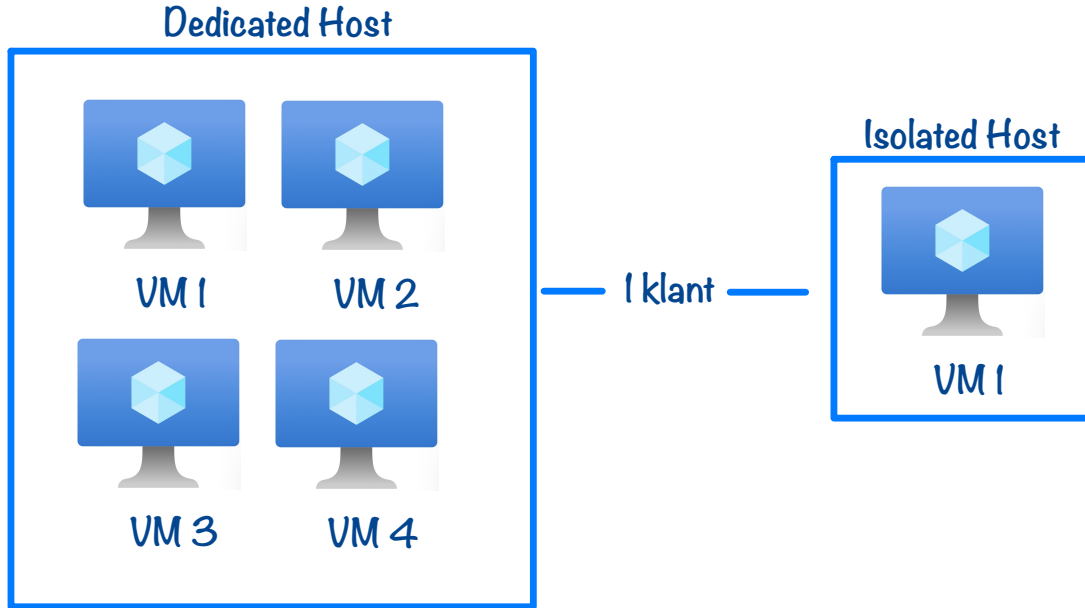

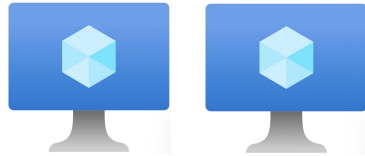

MS Defender for IoT

Voor IOT devices
